PERSONAL

STATEMENT

I am hardworking, determined and always willing to learn. I'm always willing to learn new skills and put all my efforts into completing tasks, I am organized and good at working within time limits or under pressure. I studied Computer Science at college and Computer Information Systems at University of which I gained knowledge in JavaScript, PHP, SQL, HTML, C+, Python I also studied databases, graphics, cyber security, networking, App and web design along with other subjects . I wrote my third-year thesis on Towards Camera-based Detection of Visualisations Using Deep Learning, I explored using machine learning API's to build a custom object detection model that was able to detect objects with graph visualisations in real-time using a webcam. I am not one to shy away from a challenge and I'm happy to push myself and work outside my comfort box. I can work as part of a team and take instructions from a leader, but also take charge and be a leader.
