James Selwood

Student

About me

Computers have been a part of my life from a young age and still are today, they've become my greatest interest and are what I want to pursue a career in. They've helped me develop many vital skills such as teamwork and communication in online games and have been an incredible tool for problem solving in the past. I also enjoy spending time away from them however, one of my favourite hobbies being Dungeons and Dragons which is a tabletop Role Playing Game that helped me develop the sense of creativity and imagination that I now have.

Work Experience

06/2017 – 06/2017	**Assistant Technician**
	Prestatyn High School, Prestatyn, Denbighshire
